

THE HARBOR SCHOOL

2008-2009 Photograph Permission Form

Every year, The Harbor School uses photographs of its students for a variety of projects. These projects include our website, videos, DVDs, and any print publications or promotions we distribute during the school year. In limited circumstances, names may accompany photographs distributed to the Harbor community. But at no time will names accompany photographs that are distributed outside the Harbor community; likewise at no time will addresses accompany photographs.

Please indicate below whether The Harbor School has permission to use photographs, images, or video of your child.

If this form is not returned, The Harbor School will assume that you consent to the School using photographs, images and/or video of your child.
